

Boutique Hotel Trieste

Sustainability is an Attitude

In the historic heart of Verona – where Roman stone, Renaissance light and contemporary life coexist in quiet harmony – a place that inhabits time with grace. Not simply a hotel – a thought, a gentle statement of intent.

DESIGN

Timelessness is the Ultimate Luxury

Buy Nothing New

We do not acquire – we recover. We do not replace – we transform. We do not discard – we regenerate.

What is timeless is sustainable

Every vintage piece carries a story that continues. Authentic design does not fear the years – it transcends them.

DESIGN

Art as Cultural Dialogue

Over 100 original works

Matter, light, colour and silence converge. Veronese artists Aladino Ghioni and Giovanni Motta transform every space into an experience.

Authentic connection

Art as a bridge between local and global, memory and future, guest and territory.

PEOPLE

People at the Core

Inclusion & Fairness

Well-being is a responsibility towards those who work with us.

Community

Local suppliers, nurtured talent, relationships built to last.

BREAKFAST

Conscious Nourishment

Every morning is a slow ritual. Local and seasonal ingredients, zero single-use plastics, waste reduced to a minimum.

Every flavour is a reminder: nature is not an infinite resource, but a balance to be tended.

DESIGN

Spaces Designed to Breathe

Local marble and fine wood, crafted by regional artisans, restore tactility and depth.

Technology operates discreetly to reduce consumption, optimise energy and lighten our environmental impact.

Music — often tuned to 432Hz frequencies — accompanies the guest experience like a harmonious breath.

Everything is conceived to create balance.

ENERGY EFFICIENCY

Meaningful Materials

From district heating to new-generation air conditioning systems, from LED lighting to insulated windows and doors in our bedrooms, we optimise energy efficiency.

We work with a consultant who specialises in energy saving and the use of renewable sources.

Our room design maximises access to natural light through large windows, and our strategic sunshades reduce heat buildup and minimise energy consumption.

HOSPITALITY

Relational Hospitality

We welcome travellers from across the world – different cultures, identities, stories. And their dogs, loyal companions.

→ Safe and authentic

Every journey is unique and deserves respect.

→ Open to all

Diversity is not a policy – it is a lived value.

☆ PHILOSOPHY

Kalòs Kai Agathòs

What is beautiful is also good

Value before profit

Longevity before trend

Quality before quantity

We are custodians of a legacy. Our footprint
aspires to be harmonious, not invasive.

Luxury can be gentle

Sustainability, before becoming strategy, is an act of cultivated love. For our city. For our guests. For the world we share.

Boutique Hotel Trieste — proof that beauty can be ethical.
